INDEPENDENT AUDITORS' REPORT

Board of County Commissioners Cloud County, Kansas

We have audited the accompanying regulatory basis summary statement of receipts, expenditures, and unencumbered cash of Cloud County, Kansas (the County) as of and for the year ended December 31, 2014, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the regulatory basis of accounting reporting provisions permitted in the Kansas Municipal Audit and Accounting Guide (KMAAG), as described in note 1, to meet the financial reporting requirements of the State of Kansas; this includes determining the regulatory basis of accounting is an acceptable basis for preparing the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and KMAAG. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. Those procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting polices used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in note 1 of the financial statement, the financial statement is prepared by the County on the basis of the financial reporting provisions permitted in KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in note 1 and the accounting principles generally accepted in the United States of America, although not reasonably determinable are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matters discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2014, or the respective changes in financial position, or where applicable, its cash flows for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to in the first paragraph presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2014, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions permitted in KMAAG, as described in note 1.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2014 fund summary statement of receipts, expenditures, and unencumbered cash - regulatory basis (basic financial statement) as a whole. The summary of expenditures - regulatory basis - actual and budget, the individual fund schedules of receipts and expenditures - regulatory basis - actual and budget, and the schedule of receipts and disbursements - Agency Funds - regulatory basis (schedules 1 through 3, as listed in the table of contents) are presented for the purposes of additional analysis and are not a required part of the 2014 basic financial statement; however they are required to be presented under the provisions in KMAAG. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the 2014 basic financial statement. The 2014 information has been subjected to the auditing procedures applied in the audit of the 2014 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2014 basic financial statement or to the 2014 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2014 basic financial statement as a whole on the basis of accounting described in note 1.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the County's basic financial statement for the year ended December 31, 2013, which is not presented with the accompanying financial statement and we expressed an unmodified opinion on the 2013 regulatory basis summary of receipts, expenditures, and unencumbered cash (basic financial statement). That audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the County's basic financial statement as a whole. The prior year actual column in the individual fund schedules of the regulatory basis receipts and expenditures - actual and budget (schedule 2 as listed in the table of contents) for the year ended December 31, 2014, is presented for purposes of additional analysis, and is not a required part of the basic financial statement. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the 2013 basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the 2013 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2013 basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 comparative information is fairly stated in all material respects in relation to the 2013 basic financial statement from which it has been derived.

NOTES TO THE FINANCIAL STATEMENT December 31, 2014

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

Cloud County, Kansas (the County) is a municipal corporation governed by an elected three-member commission. This regulatory financial statement includes all of the funds for which the County directly administers and controls and its related municipal entity the Cloud County Public Building Commission. The related municipal entity is included in the County's reporting entity because of the significance of its relationship with the County.

Fund Accounting

A fund is defined as an independent fiscal and accounting entity with self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Kansas Municipal Audit and Accounting Guide Regulatory Basis of Presentation Fund Definitions

The following types of funds were utilized in recording the financial activities of the County for the year of 2014:

General Fund – used to account for all unrestricted resources except those required to be accounted for in another fund.

Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital projects and tax levies for long-term debt) that are intended for specified purposes.

Business Fund – funds financed in whole or in part by fees charged to users of the goods or services.

Capital Project Fund – used to account for debt proceeds and other financial resources segregated for the acquisition of major capital facilities.

Agency Funds – used to account for assets held by a governmental unit as an agent for individuals, private organizations, other government units, and/or other funds.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The regulatory basis of accounting as prescribed in the Kansas Municipal Audit and Accounting Guide (KMAAG) involves the recognition of cash, cash equivalents, marketable investments and certain accounts payable, and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and reporting the changes in unencumbered cash and investments of a fund resulting from the regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

Cloud County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles, and allowing the County to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Purpose Funds (unless specifically exempted by statute), Bond and Interest Funds, and Business Funds. Although directive rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5.
- 3. Public hearing on or before August 15, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budgets amended during 2014.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the County for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for Capital Project Funds, Fiduciary Funds, and certain Special Purpose Funds.

Spending in funds, which are not subject to the legal annual operating budget requirement, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Tax Cycle

The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the County. The County Appraiser annually determines assessed valuations based on real property transactions as recorded by the Register of Deeds and personal property holdings reported by taxpayers. The Clerk spreads the annual assessment on the tax rolls and the County Treasurer collects the taxes for all taxing entities within the County.

In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. One half of the property taxes are due December 20 prior to the fiscal year for which they are budgeted, and the second half is due the following May 10. Delinquent taxes are assessed interest as prescribed by Kansas statute. The interest is retained by the County.

Taxes levied to finance the budget are made available to the County Funds after January 1 and are distributed by the County Treasurer approximately every month and a half. At least 50% of the taxes levied are available in January. Delinquent tax collections are distributed throughout the year.

Use of Estimates

The preparation of the financial statement requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies and (3) the reported amounts of revenues and expenses included in such financial statement. Actual results could differ from those estimates.

Change in Classification

In the previous year the financial statement, footnotes, and schedules presented the Cloud County Public Building Commission as a Related Municipal Entity. The Building Commission provides services entirely to the County and has substantially the same governing body as the County; therefore, the Cloud County Public Building Commission has been presented in the financial statement, footnotes, and schedules as a part of the County.

Deposits and Investments

Deposits include amounts in demand deposits, time deposits, and certificates of deposit with financial institutions.

K.S.A. 12-1675, authorizes the County to invest monies in temporary notes or No-Fund warrants of the governmental unit; in time deposits, open accounts, or certificates of deposit with maturities not exceeding two years; repurchase agreements consisting of obligations insured by the United States government or any agency thereof; U.S. Treasury bills or notes with maturities not exceeding two years, and the Kansas Municipal Investment Pool (KMIP).

Reimbursed Expenses

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses included in the financial statement meet the following criteria: (1) the related disbursement was made in the current year on behalf of the payee, (2) the item paid for was directly identifiable as having been used by or provided to the payee, and (3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Compliance with Kansas Statutes

Expenditures of the General Fund and County Health Fund exceeded their adopted budget and allowable reimbursed expense credits by \$271,390 and \$38,827, respectively for the year ended December 31, 2014, a violation of K.S.A. 79-2935, the budget law.

The Ending Unencumbered Cash Balances of the General Fund and County Health Fund for the year ended December 31, 2014, were \$(198,418) and \$(61,796), respectively. This is a violation of K.S.A. 10-1113, the cash-basis law.

Management was not aware of any other material statutory violations.

NOTE 3—DEPOSITS AND INVESTMENTS

The County's policies relating to deposits and investments are governed by various Kansas statutes. Those statutes specify the type of deposits and investments as well as the securing of those deposits and investments.

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the County is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of Federal Deposit Insurance Corporation (FDIC) insurance coverage.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; No-Fund warrants; repurchase agreements; and KMIP. The County has no investment policy that would further limit its investment choices.

Interest Rate Risk

In accordance with K.S.A. 12-1675, the County manages its exposure to interest rate fluctuations by limiting all time investments to maturities of two years or less. The County has no other polices that would further limit interest rate risk.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by FDIC insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka or deposit guaranty bonds coverage. All deposits were legally secured at December 31, 2014.

At December 31, 2014, the County's carrying amount of deposits was \$12,692,134 and the bank balance was \$13,142,148. The bank balance was held by seven banks. Of the bank balance, \$2,172,675 was covered by FDIC insurance; \$10,969,473 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

Custodial Credit Risk - Investments

For an investment, this is the risk that in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes limit the amount of credit risk by restricting governments to specific investment types as listed in K.S.A. 12-1675. The County is allowed to invest in U.S. obligations, KMIP, and temporary notes or No-Fund warrants of the County.

Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The County manages this risk by placing funds with financial institutions only after contacting all eligible institutions in the taxing area.

NOTE 4—LEASE OBLIGATIONS

The County is obligated under certain leases accounted for as operating leases. Operating leases do not give rise to property rights or lease obligations, and therefore, the results of the lease agreements are not reflected in the County's account groups. The rent expense was \$21,744 for the year 2014. The following is a schedule by years of future minimum rental payments required under operating leases that have initial or remaining noncancellable lease terms in excess of one year as of December 31, 2014:

Year Ending	Amount	_
2015	\$ 7,248	_

NOTE 5—LONG-TERM DEBT

At year end, the County's long-term debt consisted of the following issues:

Issue	Interest Rates	Date of	Amount of Issue	Date of Final <u>Maturity</u>
Revenue Bonds Cloud County Public Building Commission Series 2012 - Law Enforcement Center	1.25%-5.00%	06/15/12	\$ 6,000,000	10/15/42
No-Fund Warrants Series 2014	2.64%	10/08/14	259,000	09/01/16

Changes in long-term debt of the County for the year ended December 31, 2014, were as follows:

Issue	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
Revenue Bonds Cloud County Public Building Commission Series 2012 - Law Enforcment Center	\$ 6,000,000	<u>\$</u> -	\$ 135,000	\$ 5,865,000	\$ 234,663
No-Fund Warrants Series 2014		259,000	_	259,000	
Capital Leases 2011 Cat 420 backhoe loader 2011 Cat motorgrader Total Capital Leases	19,387 64,725 84,112	- - -	19,387 64,725 84,112	- 	624 1,436 2,060
Total Long-Term Debt	\$ 6,084,112	\$ 259,000	\$ 219,112	\$ 6,124,000	\$ 236,723

Current maturities of principal and interest on long-term debt for the next five years and in five year increments through maturity are as follows:

Revenue Bonds			Principal	Interest		
2015 2016 2017 2018 2019 2020-2024 2025-2029 2030-2034 2035-2039 2040-2042		\$	135,000 135,000 140,000 140,000 145,000 780,000 925,000 1,115,000 1,375,000 975,000	\$	232,975 230,950 228,588 225,788 222,708 1,051,715 910,755 716,588 451,850 98,998

NOTE 6—CONDUIT DEBT OBLIGATIONS

The County is authorized to issue Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the facilities transfers to the private-sector entity served by the bond issuance. The County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities of the County in the accompanying financial statement.

Outstanding Industrial Revenue Bonds at December 31, 2014, included the following:

Purpose	Issue Date	Maturity Date	 Amount
NorKan Fertilizer, L.L.C.	12/01/05	12/01/15	\$ 86,446

Series 2012	11/06/12	12/31/22	2,335,808

NOTE 7—DEFINED BENEFIT PENSION PLAN

Plan Description

Cloud County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by Kansas law. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Funding Policy

K.S.A. 74-4919 and K.S.A. 79-49,210 establish the KPERS member-employee contribution rates. Effective July 1, 2009, KPERS has two benefit structures and funding depends on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the member-employee contribution rate at 5.00% of covered salary for Tier 1 members and at 6.00% of covered salary for Tier 2 members.

The employer collects and remits member-employee contributions according to the provisions of section 414(h) of the Internal Revenue Code. Kansas law provides the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS is funded on an actuarial reserve basis. Kansas law sets a limitation on annual increases in the employer contribution rates.

Net Pension Liability

The total pension liability for KPERS was determined by an actuarial valuation as of December 31, 2013, which was rolled forward to June 30, 2014. As of June 30, 2014, the net pension liability for KPERS was \$8,291,794,910. KPERS has determined the County's allocated share of the net pension liability is \$2,470,931 as of June 30, 2014. The County's share of the allocation is based on the ratio of the County's employer contributions to the total employer contributions for the plan groups the County participates in. The audit report, as well as, the complete actuarial valuation report including all actuarial assumptions and methods is publically available on the website at www.kpers.org or can be obtained as described in the first paragraph above.

NOTE 8—DEFERRED COMPENSATION PLAN

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death, or unforeseeable emergency.

NOTE 9—OTHER LONG-TERM LIABILITIES

Other Post Employment Benefits

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

Compensated Absences

All employees of the County, except temporary and part-time employees, elected officials, and department heads accumulate vacation leave at 1 day per month for first year of service, then 1.5 days per month thereafter, and the total amount of leave that may be accumulated at year end is 30 days. Employees are paid for accumulated vacation leave upon termination except in cases of dismissal for neglect of duty or insubordination.

The costs of accumulated vacation leave are not recorded in the financial statement at the time the benefits are earned by the employee. Accumulated vacation leave unpaid and unrecorded in the financial statement as of December 31, 2014, is estimated to be \$137,270.

NOTE 10—INTERFUND TRANSFERS

A summary of operating interfund transfers is as follows:

From	То	Statutory Authority	Amount	
Auto Special	General	K.S.A. 8-145	\$ 38,042	
Road and Bridge	Special Machinery and Equipment	K.S.A. 68-141-g	133,000	
Special Machinery and Equipment	Road and Bridge	K.S.A. 68-141-g	10,000	
Diversion	PBC - Capital Projects	Resolution	58,665	
Special Economic Development	PBC - Capital Projects	Resolution	58,666	

NOTE 11—RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has been unable to obtain general and worker's compensation insurance at a cost it considered to be economically justifiable. For this reason, the County joined together with other counties in the state to participate in the Kansas County Association Multi-Line Pool (KCAMP), and Kansas Workers Risk Cooperative for Counties (KWORCC), which are public entity risk-pools operating as common risk management and insurance programs for participating members.

The County pays an annual premium to KCAMP for property and liability insurance coverage and to KWORCC for worker's compensation insurance coverage. The agreements to participate in these public entity risk pools provide that they will be self-sustaining through member premiums, and KCAMP and KWORCC will reinsure through commercial companies for claims in excess of specified amounts for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated. The pool is authorized by K.S.A. 12-2616, et seq.

The County continued to carry commercial insurance for all other risks of loss, including various property and liability coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There were no significant reductions in coverage during the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

NOTE 12—COMMITMENTS AND CONTINGENCIES

Grant Program Involvement

The County participates in various federal and state grant programs from year to year. These grants are often subject to grantor audit or review, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursement that may arise as a result of the audit or review cannot be reasonably determined at this time; however, it is believed that the amount, if any, would not be material.

Litigation

The County may be subject to various legal actions, pending or in process, for tax appeals, property damage, or other claims. Any estimate of the ultimate outcome and liability that might result from these matters cannot be reasonably determined.

Tax Increment Financing (TIF)

On May 31, 2000, the City of Concordia established a redevelopment district within the city pursuant to K.S.A. 12-1770 et seq., as amended. Based on the representations of city officials and upon interpretation of the Kansas statute language, the county, school district, and college did not protest the establishment. Kansas statutes provide that, for a 20-year period, taxes based on the increment shall be diverted from the original distribution districts to the TIF district. The increment is the difference between the base year valuation of the district and the current valuation of the district. The base year is 1999, the year prior to the district's establishment. Because the project was delayed in initiation, the 2000 tax year was not affected, although it is counted in the 20-year period. Affected districts are (1) Cloud County, (2) City of Concordia, (3) Cloud County Community College, (4) USD No. 333, and (5) River Valley Extension District #4 with the exception of the school General Fund. The effect, of course, is that each fund of the districts mentioned above (with the noted exceptions) will not receive that amount of tax shown on their budgets. That amount will be reduced by the appropriate amount of tax on the increment and diverted to the TIF district. For the tax year ended December 31, 2014, this tax rebate was not able to be determined as the new computer system automatically nets this amount out of the tax distributions made during the year.

Neighborhood Revitalization Plan

In April 2010, the County established this Plan to encourage people to start businesses, expand existing businesses, build homes, and improve the quality of existing homes in the County. The property tax rebates provided by this Plan support business owners and homeowners with their cash flow and financing during those critical first years of an investment. The Plan encourages investments and the stabilization those investments to ensure they become solid and stay on the tax rolls. The area covered by this Plan is all of the County, excluding property within the Concordia Redevelopment District 2000 (Concordia TIF District). There are various qualifications that must be met in order to be eligible for the tax rebate. Approved applicants with qualifying projects will receive the following tax rebates, for taxes attributable to the incremental value, from the participating taxing units:

Program Year	Rebate Percentage						
Year 1	95%						
Year 2	95%						
Year 3	95%						
Year 4	80%						
Year 5	70%						
Year 6 and beyond	0%						

NOTE 13—CAPITAL PROJECTS

Capital projects in progress at December 31, 2014, consisted of the following:

	Law Enforcement Center Project					
Total project authorization	\$	6,384,908				
Expenditures to date	-	6,352,815				
Project authorization remaining	<u>\$</u>	32,093				

NOTE 14—SUBSEQUENT EVENT

On June 8, 2015, the County terminated its contract with the contractor responsible for construction of the Law Enforcement Center. The County's basis for termination of the contract was due to the contractor (1) Not providing a water-tight building, (2) Failing to correct defective work identified after substantial completion, and (3) Failing to deliver to the County the building manufacturer's extended warranty for the building. Since the termination, the County has attempted to collect from the contractor's surety bond, reimbursements of amounts paid by the County to make repairs to the Law Enforcement Center due to the poor workmanship performed in constructing the building. No reimbursements have been received as of the report date.
